

# Padre Pio's Gift of a Husband's Health

Hello,

When I spoke with Monsignor Marine earlier this month - I was telling him about the Miracle my husband experienced a few years ago -

He had to go to the emergency room - it was a Sunday - he was in a lot of pain  
We were there for several hours - various tests - and so forth

The surgeon came that night and my husband was to have immediate surgery - just before they brought him into the OR the Dr. said - I'm not going to do the surgery tonight - I'll admit him and we'll reconvene tomorrow

The next day (Monday) I was there with him in the afternoon reading the book of St. Padre Pio written by Father Pio Mandatto's Mother who knew St. Padre Pio very well when she lived in Italy.

As I was reading the book to my husband - a nurse came in and said surgery was scheduled for early the next morning -  
I asked if I could speak with the Dr and she said he had left for the day - but I would be able to speak with him in the morning before the surgery -

I then continued to read the book to him and got to the Part about Miracles -

I told my husband to put his hand on that page and Pray to St. Padre Pio for a Miracle that he would not have the surgery -

Shortly afterwards - the Dr. who had left the bldg - walked into the room - looked at my husband - asked him a few health questions - that apparently were all the right answers -

Then said -  
Get up - get dressed and Go Home!!!

We could not believe what he said - we just stood there with our mouths open and asked him to repeat it!

Needless to say we exited as quickly as we possibly could and  
Thanking St. Padre Pio over and over again
